The project was fully realized according to the original plan, accepted by AKTION foundation. The Austrian partner, Mr. Drehli Robnik, successfully fulfilled his part of obligations. I confirm that Mr. Drehli Robnik, MA, gave the series of lectures on the subject „Film/History/Memory and Cinematic memories of World War II“. These lectures took place at the Department of Film and Audiovisual Culture, Faculty of Arts, Masaryk University, Brno, in Fall semester 2005 and were taught in accordance with the schedule and principles indicated in the application for the grant of “AKTION ÖSTERREICH - TSCHECHISCHE REPUBLIK“. The lectures were attended by considerable number of students and to their satisfaction.

The effects of this project will have significant influence on the quality of teaching and research at the Brno Department of Film and Audiovisual Culture and are considered by both sides to be just a beginning of long-term cooperation.
