

## AKTION FINAL REPORT

With the AKTION support we planned to realize a bilateral visit between endoscopy teams situated in General University Hospital in Prague and Vienna General Hospital.

In October 2020 Prague's team of three gynecological surgeons and three endoscopy nurses visited General Hospital in Vienna. We delivered samples and ongoing results of our joint study to our austrian colleagues and discussed potential future collaboration.

Unfortunately due to COVID 19 pandemic restrictions we were unable to carry out a visit of the Austrian's team to Prague.
