

Academy and University Center Nové Hradý

Department of Structure and Function of Proteins
Institute of Nanobiology and Structural Biology of GCRC
Academy of Sciences of the Czech Republic

AKTION AUSTRIA-CZECH REPUBLIC

FINAL WORKSHOP of grant 60p21

Study of photosynthetic PsbI protein's interaction with the thylakoid membrane

Zamek Nove Hradý, 12.12.12, 2 pm

14.00h Welcome (Mueller, Etrich)

14.20h Student introduction (Every student introduces himself and his topic in 3 min)

14.40h The extrinsic proteins of Photosystem II (Etrich)

15.00h PsbR and the OEC (Kohoutova)

15.15h coffee break

15.30h Modeling the photosynthetic membrane (Sovova)

16.00h NMR results on PsbP (Walnerova)

16.30h NMR results on PsbQ (Rathner)

17.00h Final discussion and conclusions (Mueller, Etrich)

18.00h Dinner

19h.00 Social event in the bar
